1. Company Overview & History

About NovaTech Solutions

NovaTech Solutions is a B2B software company specializing in AI-powered enterprise workflow automation. Founded in 2011 and headquartered in Austin, Texas, the company serves over 4,200 business clients across 38 countries. NovaTech's mission is to eliminate repetitive operational overhead by embedding intelligent automation directly into existing enterprise systems — with no rip-and-replace required.

Company Timeline

Year	Milestone
2011	NovaTech Solutions founded in Austin, TX by CEO Marcus Bellway and CTO Priya Anand. Initial focus: rule-based automation.
2013	Series A funding of \$8.2M raised. First enterprise client: Corbridge Logistics Group (500+ seats).
2015	Launched NovaDeploy — cloud deployment platform. Headcount grew from 40 to 120 employees.
2017	Acquired Syntrix AI (Berlin) for \$14M, adding ML pipeline capabilities. Opened first European office in Amsterdam.
2019	Launched NovaCore v2.0 with built-in AI decision engine. ARR surpassed \$20M. Series B: \$35M.
2021	Crossed 3,000 active clients. Launched NovaSense — real-time data monitoring product. Singapore office opened.
2022	Strategic partnership with CloudAxis (AWS Premier Partner). GDPR & SOC 2 Type II certified.
2023	Launched NovaAssist — AI chat assistant for enterprise workflows. ARR surpassed \$68M.
2024	NovaTech v4 platform released. Global headcount: 740 employees across 6 offices.

Key Facts at a Glance

Metric	Value
Headquarters	512 Barton Springs Rd, Suite 900, Austin, TX 78704, USA
Founded	2011
CEO	Marcus Bellway
CTO	Priya Anand
Annual Recurring Revenue (ARR)	\$68M (FY2023)
Total Employees	740 (as of Q1 2024)
Active Clients	4,200+ across 38 countries
Offices	Austin (HQ), Amsterdam, Singapore, Toronto, London, Sydney
Certifications	SOC 2 Type II, ISO 27001, GDPR Compliant, HIPAA Ready
Fiscal Year End	December 31
Support Email	support@novatech-demo.io
Sales Email	sales@novatech-demo.io
Website	www.novatech-demo.io

2. Organizational Structure

Leadership Team

Name	Title	Department	Location	Tenure
Marcus Bellway	Chief Executive Officer (CEO)	Executive	Austin, TX	Since 2011
Priya Anand	Chief Technology Officer (CTO)	Engineering	Austin, TX	Since 2011
Jordan Reeves	Chief Financial Officer (CFO)	Finance	Austin, TX	Since 2016
Sofia Marchetti	Chief Product Officer (CPO)	Product	Amsterdam	Since 2019
Daniel Osei	VP of Engineering	Engineering	Austin, TX	Since 2018
Lena Hartmann	VP of Sales (EMEA)	Sales	Amsterdam	Since 2020
Kenji Nakamura	VP of Sales (APAC)	Sales	Singapore	Since 2021
Rachel Torres	VP of Customer Success	CS	Austin, TX	Since 2017
Omar Al-Rashid	Head of Security & Compliance	IT/Sec	London	Since 2022
Aisha Mensah	Head of People & Culture (HR)	HR	Austin, TX	Since 2020

Departments & Headcount

Department	Head	Headcount	Key Responsibility
Engineering	Priya Anand / Daniel Osei	280	Platform development, infrastructure, ML/AI research
Product	Sofia Marchetti	55	Roadmap, UX design, product analytics
Sales & Partnerships	Lena Hartmann / Kenji Nakamura	120	Revenue, partnerships, enterprise deals
Customer Success	Rachel Torres	95	Onboarding, retention, support escalations
Finance & Legal	Jordan Reeves	40	FP&A, accounting, contracts, compliance
HR & People	Aisha Mensah	30	Recruiting, culture, learning & development
Marketing	TBD (open role)	45	Demand gen, content, brand, events
IT & Security	Omar Al-Rashid	35	Infra, security, ITSM, compliance tooling
Operations	Rachel Torres (interim)	40	BizOps, vendor management, facilities

3. Products & Services Catalog

Core Platform

NovaCore v4

NovaCore is NovaTech's flagship enterprise automation platform. It provides a no-code/low-code workflow builder, native integrations with 200+ enterprise systems (SAP, Salesforce, ServiceNow, Oracle, Microsoft 365), and an AI decision engine that learns from historical workflow outcomes. NovaCore v4 (released January 2024) introduced parallel execution trees, multi-tenant workspace isolation, and a native Python scripting sandbox.

- Visual drag-and-drop workflow designer
- 200+ pre-built connectors (REST, SOAP, database, file, queue)
- AI Decision Engine: rule learning, anomaly detection, predictive routing
- Role-based access control (RBAC) with SSO (SAML 2.0, OAuth 2.0)
- Audit logs with tamper-evident storage (90-day default, configurable to 7 years)
- On-premise, cloud (AWS/Azure/GCP), and hybrid deployment options
- SLA: 99.95% uptime guaranteed on Enterprise tier

Deployment & DevOps

NovaDeploy

NovaDeploy is NovaTech's CI/CD and deployment orchestration tool, purpose-built for organizations that run NovaTech workflows in multi-environment setups (dev/staging/prod). It supports blue-green deployments, canary releases, and rollback-in-one-click capabilities. NovaDeploy integrates natively with GitHub, GitLab, Bitbucket, Jenkins, and Azure DevOps.

- Environment promotion pipelines (dev → staging → prod)
- Automated regression testing for workflow changes
- Blue-green and canary deployment strategies
- One-click rollback to any previous version
- Slack / Teams / PagerDuty deployment notifications
- Deployment audit trail with approver tracking

Monitoring & Observability

NovaSense

NovaSense provides real-time monitoring, alerting, and analytics for all workflows running on the NovaCore platform. It offers a live execution dashboard, SLA breach early warnings, and root-cause analysis powered by NovaTech's AI engine. NovaSense data is retained for 12

months by default and exportable to popular observability platforms (Datadog, Splunk, Elastic).

- Live workflow execution dashboard with step-level granularity
- Configurable alert thresholds (email, Slack, webhook, PagerDuty)
- SLA breach prediction: warns 15 minutes before breach
- AI root-cause analysis for failed executions
- Custom dashboards with 40+ widget types
- Export to Datadog, Splunk, Elastic, or CSV
- 12-month default data retention (extendable to 5 years)

AI Chat Assistant

NovaAssist

NovaAssist is an AI-powered conversational interface that allows non-technical employees to interact with enterprise workflows using natural language. Built on top of a fine-tuned LLM, NovaAssist can trigger workflows, query operational data, generate reports, and answer company-policy questions — all via chat. It integrates with Slack, Microsoft Teams, and a web widget.

- Natural language workflow triggering ('Run the weekly inventory sync')
- Operational data queries in plain English ('How many invoices were processed today?')
- Automated report generation on demand
- Company policy Q&A; (connected to internal knowledge base)
- Human handoff escalation to Customer Success team
- Available via Slack, Microsoft Teams, and web embed
- SOC 2 compliant; no customer data used for model training

4. Pricing & Licensing

NovaCore Pricing Tiers (Annual Subscription)

	Starter	Professional	Enterprise	Enterprise+
Monthly Price (billed annually)	\$499/mo	\$1,499/mo	\$4,999/mo	Custom
Workflow Executions/mo	10,000	100,000	Unlimited	Unlimited
Active Workflows	25	200	Unlimited	Unlimited
Users	Up to 10	Up to 50	Up to 500	Unlimited
Connectors	50	100	200+	200+ + Custom
Support SLA	48h email	24h email + chat	4h phone + dedicated CSM	24h + named engineer
Uptime SLA	99.5%	99.9%	99.95%	99.99%
SSO / SAML	No	Yes	Yes	Yes
Custom Branding	No	No	Yes	Yes
On-Premise Option	No	No	Yes	Yes
Data Residency Choice	No	No	Yes	Yes
NovaAssist Included	No	Add-on (\$299/mo)	Add-on (\$799/mo)	Included
NovaSense Included	Basic (7-day)	Standard (30-day)	Advanced (12-month)	Full (5-year)

Add-On Products

Add-On	Price	Description
NovaAssist Starter	\$299/mo	Up to 500 conversations/mo, Slack integration only
NovaAssist Pro	\$799/mo	Unlimited conversations, Slack + Teams + Web widget
NovaDeploy	\$599/mo	CI/CD orchestration add-on for any tier
Extra Execution Pack	\$149 per 50k executions	Top-up executions for Starter and Professional tiers
Extended Data Retention	\$99/mo per extra year	Available on Professional and above
Dedicated Infra (Private Cloud)	From \$2,000/mo	Isolated cloud environment; Enterprise+ only
Professional Services (Onboarding)	\$250/hr	Minimum 10 hours; includes workflow migration support
Custom Connector Development	\$5,000–\$15,000 per connector	Delivered in 4–8 weeks; includes documentation

Discounts & Special Programs

Annual Prepay Discount: 5% off any plan when paid upfront annually (in addition to the default annual billing discount).

Multi-Year Contract: 10% off for 2-year contracts, 15% off for 3-year contracts.

Non-Profit / NGO: 30% discount on Professional and Enterprise tiers. Requires 501(c)(3) or equivalent documentation.

Startup Program: Free Starter tier for 12 months for companies under 3 years old with fewer than 20 employees. Apply at novatech-demo.io/startup.

Academic / Research: 50% off Professional tier for accredited academic institutions.

Partner Referral Margin: Certified partners receive 15% commission on first-year contract value for referred clients.

5. HR Policies & Employee Benefits

5.1 Working Hours & Flexibility

NovaTech operates on a results-oriented work environment (ROWE). Core collaboration hours are 10:00 AM – 3:00 PM in the employee's local timezone, Monday through Friday. Outside these hours, employees are free to structure their workday as needed to meet their objectives. All full-time employees are eligible for a hybrid working arrangement (minimum 2 days per week in-office for roles with a designated office location). Fully remote roles are designated as such in the job description and are not subject to in-office requirements.

5.2 Time Off Policy

Leave Type	Entitlement	Notes
Annual Leave (PTO)	25 days/year	Accrued from day 1. Up to 10 days can roll over to the next year.
Sick Leave	Unlimited (with manager notification)	Medical certificate required for absences exceeding 3 consecutive days.
Parental Leave (Primary Carer)	20 weeks fully paid	Available to all genders. Begins from the date of birth/adoption.
Parental Leave (Secondary Carer)	10 weeks fully paid	Must be taken within 12 months of birth/adoption.
Bereavement Leave	Up to 5 days	Immediate family: 5 days. Extended family: 2 days.
Volunteer / Community Leave	2 days/year	Paid leave for approved volunteer activities.
Public Holidays	Per local jurisdiction	Employees follow public holidays in their country of employment.
Sabbatical	6 weeks unpaid after 5 years	Available to employees with 5+ years of tenure. Application required 90 days in advance.

5.3 Compensation & Benefits

Health Insurance: 100% premium covered for employee; 80% for dependents. Dental and vision included. Effective from day 1.

401(k) / Pension: NovaTech matches 4% of base salary. Vesting: 25% per year over 4 years (cliff at year 1).

Equity (RSUs): All full-time employees receive RSU grants. Standard 4-year vest with 1-year cliff.

Learning & Development: \$2,500 annual budget per employee for courses, certifications, conferences, and books. No approval needed under \$500.

Home Office Stipend: \$800 one-time setup allowance for new hires. \$50/month for internet reimbursement.

Wellness Allowance: \$100/month reimbursable for gym, fitness apps, mental health apps, or meditation tools.

Meals: Office locations provide free breakfast and lunch Monday–Thursday. Snacks always available.

Team Offsites: Each team holds a minimum of one in-person offsite per year, fully funded by the company.

Employee Referral Bonus: \$3,000 for a successful hire that passes the 6-month probation period.

5.4 Performance Review Cycle

NovaTech conducts structured performance reviews twice per year: mid-year (June) and end-of-year (December). Each review cycle includes a self-assessment, peer feedback (360°), manager assessment, and a calibration session at the department level. Ratings follow a 5-point scale: Exceptional (5), Exceeds Expectations (4), Meets Expectations (3), Partially Meets (2), and Needs Improvement (1). Compensation adjustments and RSU refresh grants are tied to the end-of-year review. Employees rated 3 or above are eligible for a merit increase. Employees rated 2 or below are placed on a 60-day Performance Improvement Plan (PIP).

6. IT & Security Policies

6.1 Acceptable Use Policy

All company-issued devices, accounts, and network access are for business use. Personal use is permitted within reason but must not interfere with work responsibilities, consume excessive bandwidth, or expose company data to risk. Installation of unauthorized software on company devices is prohibited. Employees must lock their workstations when stepping away and must not share credentials under any circumstances. Violation of this policy may result in disciplinary action up to and including termination.

6.2 Password & Authentication Requirements

- Minimum Length:** 14 characters
- Complexity:** Must include uppercase, lowercase, number, and special character
- Password Manager:** 1Password (company-licensed) is mandatory for all employees
- MFA:** Required on all NovaTech systems. Authenticator app preferred; SMS as fallback only
- Password Rotation:** Every 180 days for privileged accounts; no forced rotation for standard accounts if MFA is enabled
- Shared Accounts:** Prohibited. Every individual must have a unique account.

6.3 Data Classification

Level	Label	Examples	Handling Requirements
L1	Public	Marketing materials, public docs, press releases	No restrictions
L2	Internal	Internal wikis, meeting notes, org charts	Do not share externally without approval
L3	Confidential	Client data, contracts, financial reports	Encrypt at rest and in transit; need-to-know access
L4	Restricted	Security keys, PII, HR records, M&A data	Strict access controls; log all access; legal approval to share

Incident Reporting: All suspected security incidents must be reported to security@novatech-demo.io within 1 hour of discovery. For critical incidents (data breach, ransomware), call the 24/7 Security Hotline: +1-800-555-0192.

7. Customer Support Procedures

7.1 Support Channels & Hours

Channel	Availability	Eligible Tiers
Help Center (self-service)	24/7	All tiers
Email (support@novatech-demo.io)	Mon–Fri 9AM–6PM (local tz)	All tiers
Live Chat (in-app)	Mon–Fri 8AM–8PM UTC	Professional, Enterprise, Enterprise+
Phone Support	Mon–Fri 8AM–8PM UTC	Enterprise, Enterprise+
Dedicated CSM	Business hours (local tz)	Enterprise, Enterprise+
24/7 Critical Incident Line	Always on	Enterprise+ only

7.2 Ticket Priority & SLA

Priority	Definition	First Response SLA	Resolution Target
P1 — Critical	Production down; entire workflow engine unavailable; data loss risks	15 minutes	4 hours (Enterprise+) / 8 hours (Enterprise)
P2 — High	Major feature broken; significant business impact; no workaround	1 hour	24 hours
P3 — Medium	Feature degraded; workaround available; moderate impact	4 hours	72 hours
P4 — Low	Minor bug, cosmetic issue, or general how-to question	48 hours	Next sprint

7.3 Escalation Path

Level 1 — Support Agent: Handles how-to questions, P4/P3 tickets, documentation gaps. Resolves ~70% of tickets.

Level 2 — Technical Support Engineer: Handles P2 tickets, complex configuration issues, integration debugging. Escalated from L1 after 2 hours without resolution.

Level 3 — Engineering / Platform Team: Handles P1 incidents and confirmed bugs requiring code changes. Escalated from L2 after 1 hour for critical issues.

Customer Success Manager (CSM): For Enterprise/Enterprise+ clients: CSM is notified on all P1/P2 tickets and manages client communication throughout.

VP of Customer Success: Notified on any P1 incident exceeding 4 hours without resolution, and on any escalation from a client with ARR > \$100k.

8. Sales & Partnerships

8.1 Sales Process Overview

NovaTech follows a consultative B2B sales process with an average deal cycle of 45–90 days for mid-market and 90–180 days for enterprise. The process stages in the CRM (Salesforce) are: Prospect → Qualified → Discovery → Technical Validation → Proposal → Negotiation → Closed Won / Closed Lost. All deals above \$50,000 ACV require a solution architect to run a technical validation workshop before a proposal is issued. All contracts above \$200,000 ACV require CFO approval before signature.

8.2 Partner Program Tiers

Tier	Requirements	Benefits
Registered	Completed NovaTech Sales Fundamentals training (online)	Access to partner portal, co-branded collateral, deal registration
Silver	2+ closed deals/year, \$50k+ partner-sourced ARR	15% Referral margin, joint webinars, listed in partner directory
Gold	6+ closed deals/year, \$200k+ partner-sourced ARR	20% Referral margin, priority support, dedicated partner manager, QBR
Platinum	15+ closed deals/year, \$600k+ partner-sourced ARR	25% Referral margin, executive sponsor, roadmap preview access, cus

8.3 Key Integration Partners

- CloudAxis (AWS Premier Partner):** Preferred cloud deployment partner. Joint GTM in APAC and North America. Co-sell agreement active.
- Integra Systems:** Platinum SI partner specializing in NovaCore implementations for the financial services vertical.
- DataBridge Consulting:** Gold partner focused on data migration and ETL workflow modernization in the manufacturing sector.
- OmniConnect Europe:** Gold partner managing all EMEA reseller activity out of Amsterdam. 40+ client deployments across Germany, France, and Benelux.
- TechForward (Microsoft Gold Partner):** Handles Microsoft 365 and Azure integration projects; primary go-to for Teams + NovaAssist deployments.

9. Frequently Asked Questions (Internal)

Q: What is NovaTech's refund policy?

A: NovaTech does not offer refunds on annual subscriptions after the 30-day money-back guarantee period. Monthly subscribers can cancel at any time; service continues until the end of the billing cycle. Enterprise contracts follow the refund terms specified in the MSA.

Q: How do I request a free trial?

A: A 14-day free trial of NovaCore Professional is available at novatech-demo.io/trial. No credit card required. Trial accounts are limited to 5,000 executions and 20 active workflows. Trial extensions (up to 7 additional days) can be requested by emailing sales@novatech-demo.io.

Q: Where is customer data stored?

A: By default, NovaTech stores customer data in the United States (AWS us-east-1). Enterprise and Enterprise+ clients can select their preferred data residency region: US (us-east-1), EU (eu-west-1, Frankfurt), or APAC (ap-southeast-1, Singapore). Data residency selection is made at account creation and can be changed with 30 days' notice and a migration window.

Q: What is the process for upgrading a plan?

A: Plan upgrades take effect immediately. The price difference is prorated for the remaining period of the current billing cycle. Downgrades take effect at the next renewal date. To upgrade, go to Settings → Billing → Change Plan in the NovaCore dashboard, or contact your CSM for Enterprise tier changes.

Q: Does NovaTech offer an on-premise deployment?

A: Yes. On-premise deployment is available on Enterprise and Enterprise+ tiers. NovaTech provides Docker images and a Helm chart for Kubernetes deployment. Minimum requirements: 16-core CPU, 64GB RAM, 500GB SSD per node; 3-node cluster recommended for HA. NovaTech Professional Services (minimum 20-hour engagement) is required for first-time on-premise deployments.

Q: How does NovaTech handle GDPR data subject requests?

A: NovaTech acts as a Data Processor for client data. GDPR data subject requests (access, erasure, portability) must be submitted by the client (Data Controller) via the privacy portal at novatech-demo.io/privacy. NovaTech guarantees response within 72 hours and fulfillment within 30 days. For erasure requests, data is purged from production within 14 days and from backups within 90 days.

Q: What certifications does NovaTech hold?

A: NovaTech holds the following certifications: SOC 2 Type II (renewed annually), ISO 27001:2022, GDPR Compliance (EU), HIPAA Readiness (BAA available for healthcare clients), and PCI DSS Level 3 (for clients processing payments through NovaCore). Certification reports are available to Enterprise clients under NDA via the trust portal at trust.novatech-demo.io.

Q: How do I add a new user to my NovaCore account?

A: Admin users can add new users under Settings → Team → Invite Members. Enter the email address and select a role (Admin, Editor, Viewer, or Custom). An invitation email is sent automatically and expires after 7 days. If the invitation expires, it can be re-sent from the same screen. User seats count toward the plan limit; upgrading may be required if the seat limit is reached.

Q: What is NovaTech's SLA credit policy?

A: If NovaTech fails to meet the uptime SLA in a given calendar month, eligible clients receive service credits: 10% credit for uptime between 99.0–99.5%, 25% credit for 95.0–99.0%, and 50% credit for below 95.0%. Credits are applied to the next invoice and must be claimed within 30 days of the incident. Credits do not apply to downtime caused by scheduled maintenance, client-side issues, or force majeure.

Q: Who is NovaTech's CEO and how do I reach the executive team?

A: NovaTech's CEO is Marcus Bellway. General executive inquiries can be directed to executive@novatech-demo.io. Media inquiries should go to press@novatech-demo.io. Investor relations: ir@novatech-demo.io.

10. Glossary of NovaTech Terms

ACV (Annual Contract Value)

The annualized value of a customer contract, excluding one-time fees.

ARR (Annual Recurring Revenue)

Total predictable recurring revenue normalized to a one-year period. NovaTech's primary revenue metric.

CSM (Customer Success Manager)

The dedicated NovaTech relationship owner for Enterprise and Enterprise+ clients.

Execution

A single run of a NovaCore workflow, from trigger to completion or failure. The primary billing unit.

MSA (Master Service Agreement)

The overarching legal agreement governing the commercial relationship between NovaTech and a client.

NovaAssist

NovaTech's AI-powered conversational interface for triggering and querying workflows via natural language.

NovaCore

NovaTech's flagship enterprise workflow automation platform.

NovaDeploy

NovaTech's CI/CD and deployment orchestration tool for multi-environment workflow management.

NovaSense

NovaTech's real-time monitoring, alerting, and analytics product for workflow observability.

RBAC (Role-Based Access Control)

Access control model where permissions are assigned to roles, and users are assigned to roles. Used in NovaCore to govern who can build, edit, or view workflows.

SOC 2 Type II

A third-party audit report verifying that NovaTech's controls for security, availability, and confidentiality have operated effectively over a defined period (typically 12 months).

Tenant

An isolated workspace within the NovaCore platform corresponding to one customer account. Enterprise+ clients can have multiple tenants.

Trigger

The event that initiates a NovaCore workflow execution. Examples: webhook, schedule (cron), database row insert, email received, API call.

Workflow

A defined automation sequence in NovaCore, composed of triggers, actions, conditions, and connectors.
